Dear Parents

Re: Procedure for notifying parents of school closure due to bad weather

Whilst local radio stations will continue to be notified of school closures due to bad weather, parents can now log on to the Dorset for You website to find out if schools will be closed. This information can be accessed as follows:

Go to <http://mapping.dorsetforyou.com/closedservices>. You will find a list of radio station links that can be followed or, if you click on 'Currently closed schools', a list will appear. This web page will be updated daily.

Hope this helps!

Kind regards

Sally Poole
